Sir,

Sub: INDUSTRIES- Sericulture - Central Grainage at Kollegal Improvements.

Ref: G.O. Ms. No. 2314 Development dated 26th M a y, 1947

In the G.O. cited, Government were pleased to sanction a sum of Rs. 3,400/- on minor improvements to the Central Grainage main buildings at Kollegal. Competetive tenders were called for but only one tender from one Sri N. Srinivasan, Contractor, Kollegal for Rs. 4576/- was received. As the offer was in excess of the sanctioned estimate the tenderer was asked if he could reduce his rates. As the contractor regretted his inability to make any reduction in the rates and as only one offer had been received, the Chief Engineer, Public Works Department was consulted with a view to know whether the rates claimed by the tenderer are reasonable with reference to local Public Works Department rates. The Chief Engineer, has stated in his letter No. 6011-Wks/48-5 dated 27th November, 1948 that the rates claimed in the tender may be considered reasonable- vide copy of the letter enclosed.

As the Sericultural Expert has reported that the improvements suggested to the building in question are essential in the interest of work and cannot be postponed and as the Chief Engineer, Public Works Department has stated that the rates offered in the only tender received are reasonable

I request that the Government will be pleased to sanction the additional expenditure of Rs. 1410/- for the above work as per details. The extra expenditure can be met from the existing provision in the current year's budget under "43-a. Industries- J. Sericulture- 3. Propogation and supply of disease free seeds- Contingencies.
